

Lest We Forget .

Don't forget to buy a Poppy and pin it on with pride
to show that you remember those gallant men who died .
Don't forget to buy a Poppy to show that we all care
about those men who went to war on land and sea and air .
Don't forget to buy a Poppy wherever you may be
they fought that bloody battle so that we could grow up free .
Don't forget to buy a Poppy for those who went to war
some of them would ever lie on some far distant shore .
Don't forget to buy a Poppy their sacrifice was great
so we must show we understand and still appreciate .
Don't forget to buy a Poppy for those who still remain
and let it be that such a war will never be again .
Don't forget to buy a Poppy and still remember yet
why we wear that humble Poppy sound last post
Lest We Forget .
